PERSONAL SUMMARY

A vibrant person with good logical thinking. Overall experience in customer facing roles and currently entering into IT industry because of personal interest and extreme passion over solving real world problems and interest over new technologies. Good individual efficiency and better efficiency while working with a team.

PROFESSIONAL OBJECTIVE

To associate myself with an organization where my skills are put to use in the best way possible enabling me to learn further and contribute to the growth of the company. Interested in exploring existing technologies in depth and learning newer ones.

WORK EXPERIENCE

1. BUSINESS DEVELOPMENT ASSOCIATE @ BYJUS (THINK AND LEARN PVT LTD) (NOV 2019 – MAR 2021)

The role involved various responsibilities like pre sales talk, sales, marketing, counselling which involved mainly interacting with parents of school kids and aspiring school students.

My learning was abundant including effective delivery of information, understanding the speaker's perspective etc. I learnt to be more of an individual contributor

ACHIEVEMENTS: *Around 25 Lakhs of revenue in past 6 months, Awarded Top Performer twice.*

2. CUSTOMER SUPPORT ASSOCIATE @ AMAZON INDIA PVT LTD (MAR 2018 – NOV 2019)

My responsibility here was to assist the inbound customers with their issues and provide prompt resolution and empathize with the customer. Had experience handling various domains like IN, NA etc.

It helped me understand business flow and to understand expectation of a client with a corporation.
